The Pediatric Mood, Imaging & NeuroDevelopment Program (PediMIND) has an opportunity for you and your child to participate in a research study. If you would like to hear more about this study, please sign your name below. A member of the PediMIND Program will contact you to tell you more and answer your questions. You are never obligated to sign up for a study, and you may ask us to take you off of our contact list at any time.

- YES**, the PediMIND Program may contact me to tell me more about the “Affect Regulation and Interpersonal Influences in Adolescents with Suicidal and Nonsuicidal Self-Injury” study
